

To the Friends of Bombay Hook,

As the coronavirus COVID-19 continues to spread throughout the nation, we need to take a moment to consider those who have been affected by the virus, as well as think about what we can do to protect ourselves, our families, and our friends.

The primary concern of the Friends of the Bombay Hook (FOBH) is the health and well-being of the refuge staff, the visitors, and our FOBH members. In that effort everyone should be following the guidelines set forth by the Centers for Disease Control and Prevention (CDC) and by our state and local officials. With those concerns in mind we have decided to suspend FOBH operations, activities, and sponsored programs until the end of June. Our annual meeting will be postponed until the fall.

The Blue Heron Gift Shoppe will resume operation once it is determined safe to do so and the visitor center reopens to the public. We will post updates about FOBH on Facebook and our Webpage. Any questions, please email fobh@comcast.net and we will try to respond as soon as possible.

Thank you,
Mark Dever, President
Friends of Bombay Hook
